## Information

SC Quantum and the Darla Moore School of Business at the University of South Carolina are sponsoring the inaugural Quantathon V1, powered by qBraid, giving college students from around the region 48 hours of solving problems using quantum technology.

This event [Thurs PM Oct 10 - Sun AM Oct 13] allows students from all backgrounds to collaborate, innovate, and create solutions for today's pressing challenges and will include student teams from colleges and universities across the Southeast.
